## PRESIDENT'S MESSAGE

People outside of our community think of Kenmore as just another part of metropolitan Akron, however it is much more than that.

There are major businesses in our village such as Fastenal (940 West Wilbeth Road), Mobility Works (1090 West Wilbeth Road), Scrap and Salvage Company (610 West Wilbeth Road) and Cargill Incorporated (2065 Manchester Road) just to name four. These businesses and others are a great benefit to our community.

Fastenal and Mobility Works are both expanding and, as I said last month, need road improvements (if you have driven over there you will understand) and lighting improvements.

Help us help them by phoning the Akron Mayor's office at 330-375-2345 (squeaky wheel gets the grease).

Our purpose is to promote business and this is one way to help.

## Ohio Bureau of Workers' Compensation Offers Extensive Safety Services Catalog

If you did not attend the Akron Boards Trade Council's first seminar for 2013 on January 24th, you missed a lot of good information about Safety & Health Plans, Drug-Free Workplaces, and Workers' Compensation Financial Incentives and Grants.

But one program that needs mention to our members is a program most people do not know that the Ohio BWC offers free to Ohio businesses, and that is the BWC's Division of Safety & Hygiene Video Library. As explained by Deb Bailey, Ohio BWC Industrial Safety Consultant Specialist, any business with an up-to-date BWC certificate can borrow from the library for 12 days any of over 600 videotapes, DVDs and related material (with only the return mail delivery charge) concerning all manner of safety & hygiene, from "ABC's of Your Personal Fall Arrest System" to "Working Around Cranes". If you have (or want to start) a safety program in your business, just about every subject you can think of is covered in this video library.

For more information about this great resource for a safety program, please go to [www.ohiobwc.com/Employer/Services/VideoLibrary](http://www.ohiobwc.com/Employer/Services/VideoLibrary).
